

## **CH MVR Kepler's Golden Sun CDX, RM, RAE, ACT2J, CGC TKA**

Kepler is a true versatile dog. Conformation Champion, Agility Champion , Rally Master, Obedience Companion Dog Excellent and has also herded sheep. He is a boy that is as versatile as they come and will do anything that I ask of him with a kind willing attitude and with joy. He has competed and won the Starter Stakes Division at the NADAC Agility Championships, has been invited to the AKC Rally Championships, and also the AKC Obedience Championships. He is not only versatile, he is versatile with championships and high-level titles in a variety of performance areas.

At home he has a wonderful off switch and is just happy hanging out with his buddy Newton and me. However, when we are ready to go to work, he has incredible drive and will give 110 percent. He shows his consistent work ethic with his high level of successes in Conformation as well as many different performance areas.

### **CONFORMATION:**

Kepler completed his Conformation Championship with ALL Major Wins.

### **AGILITY:**

Kepler was the 2023 Starter Stakes Champion at NADAC Championships in Gillette Wyoming. He competed in Silver Stakes at NADAC Championships in Gillette Wyoming in 2024 and placed 5th overall in a large competitive group.

The Stakes classes at the NADAC Championships are the highest level of agility. In the Stakes classes, the handler stands in a designated area (ie. Bonus box) and runs the dog through the entire course while the handler remains in the Bonus box. This large amount of distance requires an advanced amount of communication and trust between the dog and handler. Kepler has incredible distance, drive and speed and always runs with a smile.

He has earned three Agility Championships (NATCH).

He has earned his Versatility Agility Champion (V-NATCH),

He has earned a Speed Star NATCH (A Champion with runs over 100 DRI), This means Kepler earned this special Agility Championship running all required classes at a high rate of speed.

In 2025 Kepler achieved a high distance achievement in Agility by earning a Silver MOD SQUAD. MOD SQUAD stands for Master Of Distance, Speed, Quality And Directionals (MOD SQUAD).

This means that Kepler has successfully completed three Bonus Runs (Handling large distance while handler in a Bonus Box) in EVERY agility class. The classes are Regular, Chances, Jumpers, Touch & Go, Tunnelers and Weavers, all from the bonus box. Earning a MOD SQUAD is a very high honor in Agility.

Kepler has won High in Trial in agility trials.

## RALLY

Kepler has earned his Rally Masters title which is the highest Rally class, as well as his Rally Advanced Excellent title and is well on his way to earn his Rally Championship.

He has earned both Rally High Combined and Rally High Triple Combined Awards in Rally Trials.

Kepler has been invited to The American Kennel Club AKC Rally National Championships numerous years.

## OBEDIENCE

Kepler has earned his Companion Dog Title (CD). All legs with First Places  
Kepler has earned his Companion Dog Excellent Title (CDX) all with First Places  
He currently has one leg towards his Utility title (First Place) and plan to finish his Utility Dog title (UD).

Kepler has won High in Trial in Obedience Trial.

Kepler competes in both obedience and rally with confidence and controlled zeal.

Kepler has been invited to the American Kennel Club AKC Obedience National Championships

## HERDING

Kepler has been introduced to sheep and has demonstrated a keen herding sense. However, due to Kepler's heavy agility schedule, regular herding is not feasible at this time.

## BARN HUNT

Kepler has been introduced to the sport of Barn Hunt and has attended training seminars.

## TRICKS

This is an area that most people skip talking about but I think is important to mention. I believe that when a dog is able to do tricks it shows a great amount communication with their handler. Kepler knows hundreds of tricks. From the basic shake to finding specific objects in my house such as my phone or TV remote and bringing them to me. He is incredibly smart.

Whether we are hiking in the forest or doing whatever performance activity I choose to do, Kepler is my shadow and is willing to learn and participate with 110% of his whole heart.

Love this dog.
